

LOST BANE DOG!!!

Bane is an 11 year old hound mix. He is dark brown, around 60 lbs, neutered and fully vaccinated. He has a distinguishing white mark on his chest, he is graying on his face and he has several benign lumps on his ribs, legs and tail. He is scared of thunder and runs blindly if he is not crated during a storm. Typically, we know when a storm is approaching and get him inside or he asks to be let in...sometimes we aren't quick enough and he runs. He ran away June 24, 2010, at approximately 4:00 PM from our home on Little River Road. Unfortunately, he and his collar were both drying from a bath, so he left without any identification. He is very friendly, gentle and smart. He is timid around alpha dogs. He has previously run away before a storm and ended up, in just a few hours, off Christiansburg Pike between Deerfield and Blue Bird, which is several miles from our home.

Please contact us if you see/have him!
